CRAFTS BY SOLID OFF-THE-SHELF COLLECTION: INSPIRATIONAL LOOKBOOK OF READY-TO BUY HANDMADE INDIAN & KENYAN GOODS

Welcome,

Thank you for delving into our catalogue 'Off The Shelve'. This catalogue features products ready for instant purchase from stock all year round. All pieces are handcrafted treasures, made with love by our talented artisans in India and Kenya. These carefully crafted creations not only exemplify skilled artisanship but also symbolize a profound story of empowerment, sustainability, and environmental conservation in the lush regions of India and Kenya. By providing alternative income opportunities to women in these wildlife-rich areas, our handmade treasures play a crucial role in preserving the delicate ecosystem. The economic independence afforded to these artisans means they no longer rely on unsustainable practices such as deforestation for charcoal production or hunting for nourishment, reducing the pressure on the environment while fostering a more harmonious relationship between communities and the natural world.

This 'Off The Shelve' catalogue showcases the versatility of our handcrafted treasures. Each piece is a unique, one-of-a-kind creation, embodying the individual artistry and skill of our artisans. From elegant home decor, these handmade pieces can seamlessly integrate into various settings and styles.

With all our love,
CBS

MISSION

At Crafts by Solid's Indian handworkshop, Paces Crafts, in Jharkhand, India, we're all about empowering 60 amazing women from tribal communities with skills like crochet, kantha stitching, sewing, and hand-weaving. But we don't stop there—we're more than just a workplace! With childcare and social workshops, we're here to help them tackle life's challenges and build brighter futures for their families.

At Crafts by Solid, we're all about keeping the magic of artisanal craftsmanship alive! Our talented artisans — mostly women from rural areas — use traditional techniques like hand-weaving, kantha stitching, crochet, and sewing to create beautiful, one-of-a-kind products. No machines here — we're all about quality, tradition, and a whole lot of soul in everything we make.

MISSION

Hadithi Crafts, in partnership with Crafts by Solid, empowers over 2,000 women in Kenya's Kasigau region amidst challenges like poverty and environmental degradation. Through economic independence and a commitment to environmental conservation, Hadithi Crafts ensures fair income generation while protecting the fragile ecosystem of the Kasigau region.

The unique baskets are made from local sisal, ensuring a 100% handmade process from start to finish. Alternatively also indigenous palm leaves from Kajire (Sagalla Hill) are used to create baskets, known as "mkeka". Our products are dyed using ASO free dyes or pure natural dyes obtained from flowers and bark, employing old techniques that have been passed down through generations.
